Should University decide that such negotiations would not be in University’s best interests, pricing and revenue offer by Vendor at Due date and time may be considered by University as the Vendor's best and final offer. Unless otherwise specifically proposed by the vendor, the University reserves the right to hold such pricing and/or revenue proposal as effective for the entire intended contract term. For any material departure from this condition, vendors shall provide clear and unambiguous explanations how the departure relates in detail to the applicable sections within this RFP. If the vendor responds with an "All-or-None" proposal, it shall be clearly and unambiguously marked as such.

The Successful Vendor further agrees to indemnify and hold harmless the University from any and all claims and demands made against it by virtue of the failure of the Successful Vendor or any subcontractors to comply with the provisions of any and all said laws. The University is not exempt from state sales and use tax, except for equipment purchased for research or development. Any equipment ordered as tax exempt shall be invoiced separately from taxable systems, even if purchased on the same purchase order as issued by the University.
4.13 **Sexual Harassment.** Federal law and the policies of the University prohibit sexual harassment of University employees or students. Sexual harassment includes any unwelcome sexual advance toward a University employee or student, any request for a sexual favor from a University employee or student, or any other verbal or physical conduct of a sexual nature that is so pervasive as to create a hostile or offensive working environment for University employees, or a hostile or offensive academic environment for University students. University vendors, subcontractors and suppliers for this project are required to exercise control over their employees so as to prohibit acts of sexual harassment of University employees and students. The employer of any person who the University, in its reasonable judgment, determines has committed an act of sexual harassment agrees as a term and condition of the Agreement to cause such person to be removed from the project site and from University premises and to take such other action as may be reasonably necessary to cause the sexual harassment to cease.

4.16 **Sudan and Iran Scrutinized Business.** Pursuant to A.R.S. §§ 35-391.06(A) and 35-393.06(B), Contractor certifies that it does not have a “scrutinized” business operation in either Sudan or Iran, as that term is defined in ARS §§ 35-391(15) and 35-393(12), respectively.

4.17 **Administrative (Legal) Remedies.** The Arizona Board of Regents has promulgated [Administrative (Legal) Remedies](#) for alleged breaches or disputes arising from the Agreement. These remedies are exclusive and must be exhausted before the filing of any legal action.

4.18 **Assignment-Delegation.** No right or interest in the Agreement shall be assigned or delegation of any obligation made by Successful Vendor without the written permission of the University. Any attempted assignment or delegation by Successful Vendor shall be wholly void and totally ineffective for all purposes unless made in conformity with this paragraph.

4.19 **Assignment of Anti-Trust Overcharge Claims.** The parties recognize that in actual economic practice overcharges resulting from anti-trust violations are in fact borne by the ultimate purchaser; therefore, Successful Vendor hereby assigns to the University any and all claims for such overcharges.

4.20 **Date for Reckoning Prompt-Payment Discount.** For purposes of determining whether a prompt-payment discount, if applicable, may be taken by the University, the starting date of such reckoning period shall be the later of the date of a properly executed invoice or the date of completion of service and/or delivery of product.

4.21 **Force Majeure.** Neither party shall be held responsible for any losses resulting if the fulfillment of any terms or provisions of the Agreement are delayed or prevented by any
cause not within the control of the party whose performance is interfered with, and
which by the exercise of reasonable diligence, said party is unable to prevent.

4.22 **Indemnification / Hold Harmless.** The Successful Vendor shall indemnify, defend,
and hold harmless the State of Arizona, the Arizona Board of Regents and the
University, its officers, agents, and employees from any and all claims, demands, suits,
actions, proceedings, loss, cost, and damages of every kind and description, including
attorneys’ fees and/or litigation expenses, which may be brought or made against or
incurred on account of loss of or damage to any property or for injuries to or death of
any person, caused by, arising out of, or contributed to, in whole or in part, by reasons
of any act, omission, professional error, fault, mistake, or negligence of Successful
Vendor, its employees, agents, representatives, or subcontractors, their employees,
agents, or representatives in connection with or incident to the performance of the
Agreement, or arising out of Workers Compensation claims, Unemployment
Compensation claims, or Unemployment Disability Compensation claims of employees
of Successful Vendor and/or its subcontractors of claims under similar such laws and
obligations. Successful Vendor’s obligation under this provision shall not extend to any
liability caused by the sole negligence of the State of Arizona, Arizona Board of
Regents, University or its officers, agents, and employees. Such indemnification shall
specifically include infringement claims made against any and all intellectual property
supplied by Successful Vendor and third party infringement under the Agreement.

4.23 **Insurance Requirements.** Without limiting any liabilities or any other obligations of
Successful Vendor, the Successful Vendor shall provide and maintain the minimum
insurance coverage listed below unless otherwise agreed to in writing. Coverage shall
be provided with forms and insurers acceptable to the University until all obligations
under the Agreement are satisfied.

as additional insured and shall stipulate that the insurance afforded the Successful
Vendor shall be primary insurance and that any insurance carried by the State of
Arizona, the Arizona Board of Regents and The University of Arizona, their agents,
officials or employees shall be excess and not contributory insurance to that provided by
Successful Vendor.

  by Federal and State statutes having jurisdiction of its employees engaged in the
  performance of Agreement, and Employer’s Liability insurance with a minimum limit
  of ONE HUNDRED THOUSAND DOLLARS ($100,000).

A certificate of insurance acceptable to the University shall be furnished to the
University prior to the commencement of Agreement as evidence that policies providing
the required coverage, conditions and limits are in full force and effect.

The University’s obligation is payable only and solely from funds appropriated for the purpose of the Agreement. Unless otherwise stated herein, the payment terms for the Agreement are Net 30 days.

4.33 Price Adjustment. Price changes will normally only be considered at the end of one Agreement period and the beginning of another. Price change requests shall be in writing, submitted at least sixty (60) days prior to the end of the current Agreement period, and shall be supported by written evidence of increased costs to the Successful Vendor. The University will not approve unsupported price increases that will merely increase the gross profitability of the Successful Vendor at the expense of the
University. Price change requests shall be a factor in the Agreement extension review process. The University shall, in its sole opinion, determine whether the requested price increase or an alternate option is in the best interest of the University.

4.34 Prior Course of Dealings. No trade usage, prior course of dealing, or course of performance under other agreements shall be a part of any agreement resulting from this RFP; nor shall such trade usage, prior course of dealing, or course of performance be used in the interpretation or construction of such resulting agreement.

In the event that a demand is made and no written assurance is given within ten calendar (10) days, the demanding party may treat this failure as an anticipatory repudiation of the Agreement.

4.38 Right of Offset. The University shall be entitled to offset against any sums due the Successful Vendor, any expenses or costs incurred by the University, or damages assessed by the University concerning the Successful Vendor’s non-conforming performance or failure to perform the Agreement, or any other debt owing the University, including expenses, costs and damages described in the termination provisions contained herein.

Upon receipt of the written notice, the Successful Vendor shall immediately stop all work as directed in the notice, notify all subcontractors of the effective date of the termination and minimize all further costs to the University. In the event of termination under this provision, all documents, data and reports prepared by the Successful Vendor under the Agreement shall become the property of and delivered to the University. The Successful Vendor shall be entitled to receive just and equitable compensation for work in progress, work completed and materials accepted before the effective date of termination. Such compensation shall be the Successful Vendor’s sole remedy against the University in the event of termination under this provision.

In the event the Agreement is canceled by the University pursuant to this provision, University shall be entitled, in addition to any other rights and remedies, to recover or withhold the amount of the cost incurred by Successful Vendor in providing such gratuities.

4.39.5 Lack of Funding. The Agreement may be canceled without further obligation on the part of the Arizona Board of Regents and The University of Arizona in the event that sufficient appropriated funding is unavailable to assure full performance of the terms. The Successful Vendor shall be notified in writing of such non-appropriation as soon as reasonably possible. No penalty shall accrue to the Board or the University in the event this cancellation provision is exercised. This cancellation provision shall not be construed so as to permit the University to terminate the Agreement in order to acquire similar equipment, material, supplies or services from another party.

4.39.6 Stop Work Order. The University may at any time, by written order to the Successful Vendor, require the Successful Vendor to stop all or any part of the work called for by the Agreement for a period of ninety (90) days after the order is delivered to the Successful Vendor, and for any further period to which the parties may agree. The order shall be specifically identified as a Stop Work Order issued under this provision. Upon receipt of the order, the
Successful Vendor shall immediately comply with its terms and take all reasonable steps to minimize the incidence of costs allocable to the work covered by the order during the period of work stoppage. If a Stop Work Order issued under this provision is canceled or the period of the order or any extension expires, the Successful Vendor shall resume work. The University shall make an equitable adjustment in the delivery schedule or Agreement price, or both, and the Agreement shall be amended in writing accordingly.

4.39.7 Suspension or Debarment. The University may by written notice to the Successful Vendor immediately terminate the Agreement if the University determines that the Successful Vendor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor Vendor of any public procurement unit or other governmental body.

5.1 Term of Agreement. The contract term will be between one (1) to twelve (12) months depending on the services The University of Arizona chooses to implement. The contract should be quoted on a per job basis (Cost per job based on complexity – Low, Medium, High). Based on the RFP selection and University budget, the University of Arizona will decide which and how many jobs will be converted from Server to Parallel. Payments will be made per month based on the number and types (complexity) of jobs that have been successfully converted / tested and handed over to The University of Arizona. The vendor can invoice The University of Arizona on a monthly basis. Resources can be located on or off-shore for the duration of the project (at least 1 on-shore coordinator should be present).

  - Mem: 48 (SUP/Production) Gig memory
  - Storage on SAN, with some local mounts
- Database
  - Oracle 11G
- Jobs Inventory
  - The vendor should use the data (Job Name Excel* and Job Export DSX**) available along with this RFP to divide jobs into 3 categories based on complexity – Low / Medium / High. This data will only be provided to the Vendor once the Non-Disclosure Agreement has been signed and returned to buyer, Evangelina Perez, at evperez@email.arizona.edu. Please mail original signed NDA to the address listed on page 6. As part of the RFP, vendors will need to submit the file showing their classification of each job based on its complexity.

* The Job Name Excel includes a list of all jobs and sequencers that can be converted from Server to Parallel
**The Job Export DSX Files include all jobs the University has designed. The complexity and costing should only be provided to the University for jobs / sequencers mentioned in the Job Name Excel and for all routines in the export file**

- Types of EPM Jobs (Datastage Project)
  - Source to OWS (EPM90_CSIU, EMP90_HCMIU)
  - OWS to MDW (EPM90, EPM90_CSIU, EMP90_HCMIU)
  - Utilities (EPM90, EPM90_CSIU, EMP90_HCMIU)

- Source and target systems are Oracle, flat files, hash files

5.3 **Scope of Work**: The scope of work for this proposal consists of 3 items

1. Conversion of Jobs / Sequencers and Routines from Server to Parallel
2. Unit Testing for all converted jobs
3. Acceptance Criteria

5.3.1 **Job Conversion**

Job Conversion should be broken up in to multiple parts. The proposal should include cost for converting and testing Low, Medium, and High complexity jobs separately. The vendor is responsible for determining their own complexity levels (Low, Medium, High) and providing a quote based on that. The University of Arizona can choose to use the vendor services to convert any number of jobs of any level of complexity.

Determination of Job Complexity – The vendor should use the information (Job Exports and Job Name Excel) provided by The University of Arizona along with their in house expertise to determine job complexity (Low, Medium, High). The result of this should be provided to the University in the following format.

<table>
<thead>
<tr>
<th>Job Name / Sequencer Name / Routine Name</th>
<th>Project</th>
<th>Category</th>
<th>Vendor Complexity</th>
</tr>
</thead>
<tbody>
<tr>
<td>SEQ_J_Dim_PS_DET_BUDGET</td>
<td>EPM90</td>
<td>Common_Dimensions\E\Calendar\OWS_To_MDW\Base\Load_Tables\Sequence</td>
<td>MEDIUM</td>
</tr>
</tbody>
</table>

Please note that all job quotations should be provided based on complexities (Low, Medium, High) determined by the Vendor.

Cost of converting Sequencers and Routines should be included in the RFP as well. The cost per sequencer should be the same and cost per routine should be the same.

All parallel ETL jobs should be written using DataStage best practices and should perform accordingly. Jobs should follow the same set of naming standards for stage names, link names, as well as job names

5.3.2 **Testing**
The University of Arizona will provide a database specifically meant for loading data from the new parallel jobs. The tables in this database can then be compared to the tables in the database being populated by server jobs.

5.3.4 Acceptance Criteria

All jobs should be handed over to The University of Arizona after data validations have been completed between the tables populated by server jobs vs. the tables populated by the converted parallel jobs. Both sets of tables should have identical results unless the data discrepancies have been documented and provided to the University of Arizona and approved by a member of the University's ETL Migration Staff.

5.4 Form of your Proposal

The Proposal should be limited to 30 pages and should answer a minimum of all the questions below (This excludes the Complexity Excel that has to be created by the Vendor)

5.4.1 General Questions

- Describe your services organization?
- How many years has your company been in business?
