Dear Colleague,

In May of this year, Kirk Ketchum, Procurement and Contracting Services Associate Director, conducted a comprehensive survey of all PACS services. Thank you to all who participated in the survey. The information provided will help us immeasurably in establishing our priorities for improving service. The following represents some of the more interesting findings of the survey:

Customers ranked six (6) categories and the following list identifies them in the order of importance:

1. Rapid processing of purchasing requisitions ............... 57.14%
2. Achieve cost savings .................. 28.57%
3. Promote competitive purchasing.... 6.67%
4. Maintain good vendor relations ...... 3.80%
5. Development of e-Purchasing applications .................... 1.92%
6. Avoid negative audit findings .......... 1.90%

An interesting observation of these findings is that most important to customers is rapid processing of orders and one of the least important is development of e-Purchasing applications. It is with the rollout this year of Arizona BuyWays, our e-Purchasing solution, that we will see the most dramatic effect on order-processing speed.

The P-card Program received the highest ranking of all PACS services in meeting customer needs with 86.28% of respondents rating this program “very good” or “exceptional.” The following lists PACS services in order of their ranking:

1. P-Card Program
2. Stores
3. Purchasing
4. Central Receiving
5. Printing & Graphic Services
6. Medical Receiving
7. Surplus Property
8. Contracting

Other notable findings are PACS areas that have made the most improvement in the past year. Approximately 89% of respondents said that the P-Card Program had become “a little” or “much better.” Overall PACS services were rated with a “same,” “little,” or “much better” at 94%. Five and one-half percent (5.5%) indicated that service had become “worse.”

It would be easy to look at the overall responses of customers and conclude that things are going great, and I believe overall that they are. However, a 5.5% negative rating concerns me; and we will spend significant energy this coming year to determine where we need to improve and develop and implement a plan to achieve that improvement. We will never be completely satisfied until we have 100% of university customers believing that our services are exceptional.

We asked for specific comments at the end of the survey and we received a total of 38. We have tried to identify the common themes of these comments and believe that the most significant action we can and must do to improve is in the communication area. We are already meeting to identify strategies for improving in this area. I truly believe that FY 2004-2005 will be a banner year for PACS as we roll out Arizona BuyWays, continue the development of our marketing department, and find better and more effective ways to serve you.

Please don’t hesitate to contact me by phone at 621-3062 or email at macks@u.arizona.edu if I can assist you in any way.

Sincerely,

Stephen G. Mack, C.P.M.
Director

Supplier Showcase Review
Procurement & Contracting Services hosts  
2nd Annual Supplier Showcase “Looking into the Future”

On April 26 and 27, Procurement and Contracting Services (PACS) hosted its second annual two-day networking event by bringing the campus, local government, and nearby school districts together with our suppliers. Our suppliers included local, national and international businesses. This year's supplier showcase theme was “Looking into the Future” as we began launching several new upcoming programs and alliances.

Events
Activities started on Monday, April 26, at 7:30 a.m. with 120 people attending a four-person team scramble golf tournament with lunch and prizes at the Omni Tucson National Golf Resort and Spa. The late April weather was typical (fantastic) for Tucson with temperatures in the 80’s and indeed enjoyed by all. The golf was fun and competitive as it was handicapped and suited to all skill levels. Networking events continued into the evening. At 7:00 p.m. we hosted a reception for our suppliers as they set-up their tables in the Student Union Ballroom for the next day’s supplier showcase.

On Tuesday, April 27, the supplier showcase opened in the Student Union Ballroom at 10:00 a.m. to all of campus and invited local government and school districts. Suppliers displayed their goods and services to you. We also had Procurement and Contracting Services informational sessions regarding new web-based requisitioning through Arizona Buyways and purchasing card questions and answers. In all, between 1,500 and 2,000 of you, our valued customers, were in attendance! During the lunch hour complimentary food and beverages were provided for all hungry attendees. Who said there was no such thing as a free lunch? In addition, our suppliers shared free samples and information with you throughout the day. With 95 suppliers in attendance that support our mission at the University of Arizona and you, the Ballroom was packed to near capacity.

Prizes
Several attendees also won raffle prizes for completing a “Find the Supplier Constellation Circulation Game.” Listed below are the winners and their prizes:

Central Receiving Year End Calendar

Wednesday, July 14, 2004
Last day to submit receiving information to Central Receiving or Medical Receiving. As you know, invoices for shipments received on or before Friday, June 25, 2004, must be paid in Fiscal Year 2003/2004. Invoices cannot be paid until corresponding receiving information has been entered. We are dependent on you for that essential information. This is especially important on purchase orders of several specific types. Those types are PM and R3.

The type code appears on your paper Purchase Order (PO) copy above the “SHIP TO” address and online, on screen 29C right after the “DATE ENTERED” and screen 220 right after “DOCUMENT DATE.”

Central Receiving Fax: 621-3196
Medical Receiving Fax: 626-2179

If you have any questions, please contact Richard Torres, Materials Handler @ 621-3877.

How to Handle Contract Signatures

Contracts that require a signature on behalf of the University can only be signed by the Contracting Office staff (or a buyer if a dPR is involved). Contracts that don’t require a dPR should be sent to the Contracting Office for review and signature. Contracts that require a dPR should be sent to Purchasing as an attachment to the dPR and will be handled by the buyer responsible for processing the dPR. If you follow these procedures, your contracts will be handled in the most expeditious manner possible. If you have questions, contact the Contracting Office at 626-3919 or the buyer named on the dPR.
Ernie Webster Honored April 15

Ernie Webster, University of Arizona Supplier Diversity Manager, was presented with the prestigious Chairman’s Award at the Tenth Annual Awards Dinner for the Grand Canyon Minority Supplier Development Council (GCMSDC) in Phoenix. He was recognized for his efforts in providing opportunities for the Minority Businesses of Southern Arizona to network with Phoenix and Tucson area corporations and agencies.

Pictured left to right: **Ron Williams** (GCMSDC Executive Director), **LeiAnn Rideau** (Motorola and outgoing GCMSDC chair), **Ernie Webster** (award recipient), and **Art Oros**, (Salt River Project and GCMSDC current chair).

The Purchasing Card policy to allow Airline Tickets for employee travel has been expanded to include **Primary Mode Transportation** expenses including: **Trains, Buses, Shuttles, Boats or Ferries.**

**Primary Mode Transportation** is the transportation cost associated with getting from a home base to a travel destination. Transportation expenses incurred while at a travel destination, such as a rental vehicle or taxi may not be purchased on the PCard.

Please note that the lifted restriction pertains to **UA employees** on travel status and does not apply to non-University persons traveling on behalf of the University.

The process for reconciling transportation expenses for employee travel is identical to that of airline. If an itinerary is included, such as a train itinerary, include it with the documentation.

If a Purchasing Card has already been established with the ability to purchase airline tickets, these additional transportation expenses are already coded to the PCard. You do not have to make any additional request. If a PCard does not have airline ability, and you would like to add transportation onto a PCard, please have your liaison complete a ‘change form’ at: [http://w3.arizona.edu/~pacs/pcard/Forms Online_files/app_e.htm](http://w3.arizona.edu/~pacs/pcard/Forms Online_files/app_e.htm). Select the button ‘Add Airfare/Transportation’ and mail the signed form to Purchasing, USA Bldg 300A, Attn: Misty McCormick. The department liaison will be notified when access has been added to the PCards.

Departments who would like to request a new PCard with transportation access need only apply for a new Purchasing card. The PCard individual and departmental applications have been updated with the option to choose ‘airfare/transportation’ or ‘no airfare/transportation’ access.

Please contact the PCard Department with any questions at 621-3288.

Thank you!
