Procurement and Contracting Services

Request for Proposals for Federal Agency Engagement and Lobbying Services

ADDENDUM #1

Please mark all proposal submission Envelopes with the following information

Sealed RFP # L192010
Due on March 13, 2020 no later than 2:00 PM, MST
The following questions were received before the technical question/inquiry due date of February 11, 2020 at 12:00PM MST:

1. Does the scope of services as stated in the RFP reflect an expansion on the services provided by the current outside contractor?

   Yes, this RFP expands the services that were required in the previous RFP.

2. If we intend to submit for both types of consulting services, should we submit separate proposals (one for federal agency engagement and a separate one for lobbying services) or may we combine both proposals into one document? If one proposal document is acceptable, may we cross-reference our responses to Section 5.0? For example, if our team for both types of services is the same, may we include the bios once in response to 5.1.10 and then simply reference back to that information in response to 5.2.2?

   You may combine the responses into one RFP response. Regarding the sections question, yes, reference would be acceptable.

End of addendum, all else remains the same.
