Procurement and Contracting Services

Request for Proposals for University Microcredentialing and Badging Platform

ADDENDUM #1

Please mark all proposal submission envelopes with the following information:

Sealed RFP # L192012
Due on April 22, 2020 no later than 2:00PM, MST
The following questions were received before the technical question/inquiry due date of April 10, 2020 at 12:00PM MST:

1. Is it intentional that questions 5.3.11 and 5.4.1 are duplicate?

    That is a duplicate! Please disregard 5.3.11.

1. In light of University of Arizona’s current use of Credly, is this RFP a function of public bid requirements to renew the existing contract?

    No, this RFP is not a function of fulfilling public bid requirements for a contract renewal.

2. How many unique individuals does the University expect to issue badges to each year?

    The way our previous support was initially constructed, we do not have access to the individual account information that would give us a solid estimate. We do know that one very active department has issued over 200 badges, a second with over 50. Recently, our campus has had a growing interest in academic badging and microcredentialing, with both graduate and undergraduate departments creating processes and policies to begin a broad academic badging initiative for our student population.

Please Note:

For Email:
In response to the current COVID-19 Pandemic email proposal responses will be accepted until the due date and time. Proposals may be emailed to CDKanzig@arizona.edu and should be titled in the following format:

RFP L192012 (Vendor Name) Response

End of addendum, all else remains the same.
