Procurement and Contracting Services

Request for Bids for the Electrical Shop Inventory for Facilities Management

ADDENDUM #1

Please mark all proposal submission Envelopes with the following information

Sealed RFB # L181804

Due on 1/17/18 no later than 2:00 PM, MST
1. Would we consider an offer that cites continued participation in an existing cooperative contract that we are already participating in (or eligible to participate in) which was awarded out of Maricopa County?
   a. You can quote pricing however you’d like, but you would need to honor the length of our contract, not the other. For example, if the other cooperative contract expires in 2 years, you would be locked into providing us your quoted pricing for the remaining three years of our contract.

2. Can we clarify the EEO section by identifying our EEO policy (paragraph 4.6) in lieu of the requirements associated with EO 11246 reporting?
   a. You can make this clarification but we may not be able to accept it. It would need to be reviewed by our OGC prior to us accepting or declining it.

3. Our rebate offering is fixed, but prices are subject to change prior to transaction – will that be considered?
   a. No, we are asking for a static pricing, not a rebate system.

4. Since this is for merely transactional purchases, if the University chooses to procure elsewhere can the termination section be clarified to remove financial damages (paragraph 4.42.2)?
   a. Yes, this is reasonable. Under section 4.42 Termination, 4.42.2 Default, is hereby removed from the bid.

   **End of addendum, all else remains the same.**
